

WVSIPP Agenda
Friday, June 11, 2010

Time	Location	Topic	Speaker(s)
8:30	Breezeway	Registration	
9:30	Ballroom A	Meeting Start and Welcome	Tim Deer, MD
9:45	Ballroom A	Keynote address: "Advanced Pain Management Techniques – what is available and what is coming? Improving Patient Outcomes and Quality of Care"	Tim Deer, MD
10:15	Ballroom A	Brain Neuromodulation and Mechanisms of Neurostimulation	Robert Levy, MD, PhD
11:00	Ballroom B	Break	
11:15	Ballroom A	SCS for PVD and Non-Healing Ulcers	Harold Cordner, MD
12:00	Ballroom A	INDUSTRY SPONSORED SYMPOSIUM PLATED LUNCH – St. Jude Neuro – Gold "More Control, Less Risk: Addressing Challenges in Neurostimulation"	Robert Levy, MD, PhD Kenneth Alo, MD Timothy Deer, MD
1:00	Ballroom A	Welcome – begin of live cases – projecting from Cleveland Clinic	
1:15	Ballroom A	Case #1: SCS for belly pain	Moderator – Nagy Mekhail, MD, PhD Onsite surgeon – Leo Kapural, MD, PhD
1:45	Ballroom A	Advances in Radiofrequency Therapy for Spine Pain: Evidence Based Analysis	Nagy Mekhail, MD, PhD
2:15	Ballroom B	Break	
2:45	Ballroom A	Case #2: SI Joint denervation for chronic sacroilitis using a novel cooled radiofrequency procedure	Moderator – Nilesh Patel, MD Onsite surgeon – Leo Kapural, MD, PhD
3:45	Ballroom A	Mild vs. ESI RCT	Lora Brown, MD, DABIPP
4:05	Ballroom A	Case # 3: MILD	Lora Brown, MD, DABIPP moderator
4:30	Ballroom A	Minimally invasive spine surgery	John Schmidt, MD
5:00		Sessions Adjourn	
5:15	Waters Edge patio	Faculty Welcome Reception – by invitation only	
6:00	Waters Edge patio	Welcome reception	
7:00	Waters Edge	Dinner symposia – Vertos – Platinum "Lumbar Decompression...safer...earlier"	Lora Brown, MD, David Caraway, MD, PhD, Timothy Deer, MD

Saturday, June 12, 2010

Time	Location	Topic	Speaker(s)
7:45	Ballroom A	Welcome – overview of live cases – projecting from Texas Tech	Intro – Dr. Deer Moderator – Dr. Deer Onsite surgeon – Gabor Racz, MD
8:00	Ballroom A	Kyphoplasty vs. Vertebroplasty	Stan Golovac, MD
8:30/7:30 CT	Ballroom A	Case #1 – Intrathecal Pump (subject to change w Dr. Racz agenda)	Gabor Racz, MD
9:15/8:15 CT	Ballroom A	Case #2 – Epidural catheterization for pain (subject to change with Dr. Racz agenda)	Gabor Racz, MD
10:00/9:00 CT	Ballroom A	Case #3: Advanced Neuromodulation – Dr. Racz	
10:30	Ballroom B	Break	
11:00	Ballroom A	SPINE SURGERY FOR CHRONIC DISCOGENIC PAIN WHO ARE THE RIGHT PATIENTS? IS DISCOGRAPHY OF VALUE ARE SURGEONS CREATING PAIN OR CURING IT? PRO: SURGERY - PATEL AND SCHMIDT PRO: MINIMALLY INVASIVE OPTIONS - MEKHAIL AND DIWAN	Nagy Mekhail, MD, PhD Sudhir Diwan, MD Raj Patel, MD John Schmidt, MD Moderator: Tim Deer, MD
11:45- 12:15	Ballroom A	Business and Tax planning for 2011 and beyond	Kelly Castleberry – Senior VP, Wealth Management, Smith- Barney
12:15		Lunch on own	
1:15	Ballroom A	Peripheral Nerve Stimulation	Giancarlo Barolat, MD
1:45	Ballroom A	Pelvic Pain	Salim Hayek, MD, PhD
2:30	Ballroom B	Break	
3:00	Ballroom A	Neurostimulation for Head and Neck pain – including Occipital Nerve Stimulation, a panel discussion	Richard Weiner, MD – Chair Giancarlo Barolat, MD & Ken Alo, MD
3:45	Ballroom A	Emerging technology in intrathecal therapy – PTM, drug compounding and new agents, dual chamber devices	David Caraway, MD, PhD
4:30	Ballroom A	MRI Safety with implantable devices – SCS and Intrathecal Pump therapy	Frank Shellock, PhD
4:50		Sessions Adjourn	
5:30	Kronos Boardroom	“Fireside chat” – Roundtable discussion with industry CEO’s – non CME certified, research, directions, limitations – by invitation only	

Sunday, June 13, 2010

Time	Location	Topic	Speaker
8:45	Ballroom A	Welcome and Start of sessions	Timothy Deer, MD
9:00	Ballroom A	Incredible Science – The Future of Pain Management and Neuromodulation	Richard Rauck, MD
9:45	Ballroom A	SCS for Angina	Ken Alo, MD
10:30	Ballroom A	Motor Cortex Stimulation for Facial Pain	Robert Levy, MD, PhD
11:15	Ballroom B	Break	
11:30	Ballroom A	Expanding utilization and early intervention with neuromodulatory devices – evidence based medicine	FLSIPP Panel (Stan Golovac, MD, Lora Brown, MD, DABIPP, Harold Cordner, MD)
12:15		Lunch on own	
1:30	Ballroom A	Choosing the Correct Pump Patient: NACME Guidelines Intrathecal Pump Therapy – patient selection and evidence based medicine for improved patient outcomes	Tim Deer, MD, Sudhir Diwan, MD, Robert Levy, MD, PhD, Richard Rauck, MD, David Caraway, MD, PhD
2:15	Ballroom A	Advanced pain therapy-Evidence, Challenges and Possibilities in Neurostimulation	Tim Deer, MD
2:45	Ballroom B	Break	
3:00	Ballroom A	Avoiding infection with implantable technologies	Sudhir Diwan, MD
3:45	Ballroom A	Sacroplasty and SI joint injections with CT Guidance	Harold Cordner, MD
4:30	Ballroom A	New Advances in the Treatment of Cancer Pain	Salim Hayek, MD, PhD
5:15		Sessions Close	
6:30		WVSIPP Board Dinner
